

STRONGER TOGETHER

**COMTECH FIRE
CREDIT UNION**

OUR STORY

Comtech Fire Credit Union represents the coming together of three strong Credit Unions, with over 240 years of collective service to their members.

- **Comtech Credit Union**, originally founded as the Bell Telephone Employees Credit Union in 1940 by a group of employees struggling to get a loan or save during the Great Depression.
- **Fire Services Credit Union**, originally the Toronto Fire Department Employees Credit Union was formed in 1941 with its first offices located in fire halls to serve fire fighters and their families.
- **Limestone Credit Union**, originally the Federal Employees (Kingston) Credit Union was founded in 1948 by a group of correctional service officers and is Kingston's oldest existing credit union.

Officially merging in 2016, the newly united Comtech Fire Credit Union now operates as a **full service financial institution** with over **\$500 million in overall assets**. We operate **six branches** across Ontario, serving Mississauga, the Toronto area, Kingston and Ottawa, and **over 12,000 members**.

OUR BANKING DIFFERENCE

At Comtech Fire Credit Union, we are committed to delivering a **banking experience that truly stands apart**. Not just by providing the same products and services you would expect to find at any **full service financial institution**, but by being so much more.

As a cooperative credit union, our **members share in the ownership of our organization**, which means they have a say in how we operate. Each member has an **equal share and an equal voice**, represented by a board of directors that help guide the direction of the credit union.

Unlike a bank, **we don't save the perks for the privileged**. We use our financial strength to enrich the lives of our members, their families and the communities we serve. At Comtech Fire Credit Union, **you'll always get our best value, our best rate, and our best service, guaranteed**.
